Board of Commissioners Housing Authority of the City of Vineland Vineland, New Jersey

We have audited the financial statements of the Housing Authority of the City of Vineland, herein referred to as the Authority, as of and for the years ended September 30, 2008 and 2007, as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority at September 30, 2008 and 2007, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 14, 2009 on our consideration of the Housing Authority of the City of Vineland's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and important for assessing the results of our audit.

The management's discussion and analysis on pages 3 through 8 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Board of Commissioners Housing Authority of the City of Vineland

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information presented on pages 21 through 38, including the financial data schedules, is presented for the purposes of additional analysis and is not a required part of the basic financial statements of the Housing Authority of the City of Vineland. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED

September 30, 2008

As management of Vineland Housing Authority, we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activity of the Authority for the year ended September 30, 2008. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements, which begin on page 9.

FINANCIAL HIGHLIGHTS

- The assets of the Authority exceeded its liabilities as of September 30, 2008 by \$24,475,354 (net assets).
- The Authority's cash balance as of September 30, 2008 was \$2,774,065 representing a decrease of \$323,793 from September 30, 2007.
- The Authority had intergovernmental revenues of \$4,838,352 in operating grants and \$416,016 of capital grants for the year ended September 30, 2008.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements included in this annual report are those of a special-purpose government engaged only in a business-type activity. The following statements are included:

- Balance Sheet reports the Authority's current financial resources (short-term spendable resources) with capital assets and long-term debt obligations.
- Statement of Income, Expenses and Changes in Net Assets reports the Authority's operating and nonoperating revenue, by major sources, along with operating and nonoperating expenses and capital contributions.
- Statement of Cash Flows reports the Authority's net cash from operating, investing, and capital and related financial activities.

FINANCIAL ANALYSIS OF THE AUTHORITY (ENTITY-WIDE)

Cash and cash equivalents decreased by \$323,793 due to increases in salaries and benefits, and increases in capital expenditures related to capital fund program revenue bonds, Series 2004A.

Other current assets increased by \$459,516 due to receivables of \$209,192 from HUD and \$118,496 from capital funding. Also, investments increased by \$171,971, and other prepaid expenses and receivables decreased by \$40,143.

Capital assets decreased by \$699,327 due to depreciation expense of \$1,580,544, offset by an increase of \$881,217 in capital additions.

Current liabilities increased by \$155,459 due to accrued payroll taxes and benefits of \$115,330, and accrued utilities of \$47,684.

Noncurrent liabilities decreased by \$254,467 due to a bond repayment of \$170,000 and a decrease in housing choice voucher liabilities of \$84,467.

CHANGE IN NET ASSETS	\$ (464,596)	\$ (778,189)	\$ 313,593	40.29%

Tenant revenue increased from the prior year in the amount of \$34,584 as a result of an increase in tenant earned income which is utilized to calculate the tenant's rent.

The HUD PHA operating grants exceeded the prior year amount by \$468,756, due primarily to an increase in funding-based program services being provided by the Authority.

The capital grants increased from the prior year in the amount of \$396,124, due primarily to an increase in capital improvement projects at the Authority sites as compared to the prior year.

Investment income decreased from the prior year in the amount of \$158,358, due primarily to a less favorable interest rate than in the past.

Other revenue increased by \$295,887 as a result of a new contract during the fiscal year to provide administrative services to another housing authority, an increase in HAP portability income and FSS forfeitures.

Administrative expenses increased from the prior year in the amount of \$360,718 as a result of the Authority acquiring an executive director and an assistance director during the year as well as in reclassifying salaries from tenant services and the associated employee benefits.

MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED (CONTD)

September 30, 2008

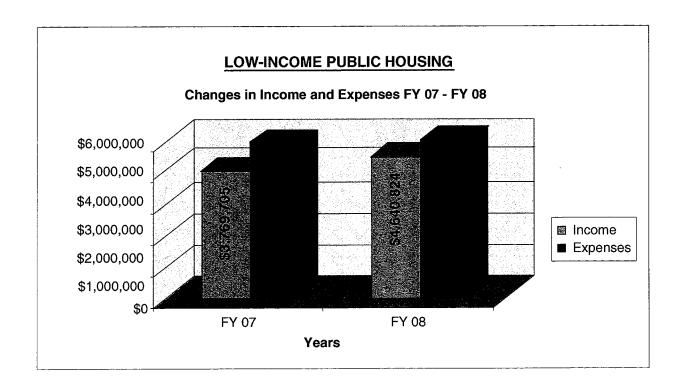

Tenant services decreased by \$42,986 due to the reallocation of salaries and benefits.

Housing assistance payments increased from the prior year in the amount of \$146,455 as a result of a change in tenant income levels and an increase in HAP portability payments under the Section 8 Program.

Ordinary maintenance and operation expenses increased from the prior year in the amount of \$40,070, due primarily to an increase in employee benefits from the prior year to the current year. Maintenance costs vary from year to year based on the Authority's capital improvement plans and unexpected maintenance costs at the housing sites.

Depreciation expense increased from the prior year in the amount of \$213,431 as a result of more capital assets being fully depreciated in prior years.

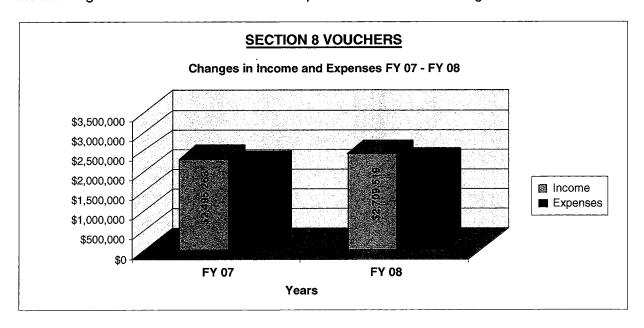

The following chart illustrates the income and expenses for the Low-Income Public Housing Program. The increase in income and expenses from FYE 2007 to FYE 2008 was due primarily to the lower cost of services provided in FYE 2008 as it relates to program objectives.

MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED (CONT'D)

September 30, 2008

Significant capital asset events in the current year are related to capital fund improvements at the Authority sites based on the Authority spending the proceeds from the capital leveraging program revenue bonds Series 2004A.

Debt:

As of September 30, 2008, the Authority had \$4,335,000 in outstanding bond debt from the capital leveraging program.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The following factors were considered in preparing the Authority's budget for the fiscal year ending September 30, 2009:

- Federal funding of the Department of Housing and Urban Development;
- Local labor supply and demand, which can affect salary and wage rates;
- Local inflationary, recession and employment trends, which can affect resident incomes and, therefore, the amount of rental income;
- Inflationary pressure on utility rates, supplies, interest rates and other costs;

NOTES TO FINANCIAL STATEMENTS

NOTE 1 REPORTING ENTITY

<u>Organization</u>

The Authority is a nonprofit corporation which was organized under the laws of the State of New Jersey to provide housing for qualified individuals in accordance with the rules and regulations prescribed by HUD. It is not subject to federal or state income taxes, nor is it required to file federal and state income tax returns.

The Authority was created by the City of Vineland. However, the Authority has concluded that it is excluded from the City's reporting entity since the City does not designate management, does not influence operations, does not have responsibility for fiscal matters and does not have a funding relationship with the Authority.

Based upon the criteria described in GASB No. 14, as amended by GASB No. 39, the Authority considers Vineland Housing Development Corporation (VHDC) to be a component unit. VHDC is a separate entity from the Housing Authority of the City of Vineland but is related by common management. VHDC is a blended component unit which is included in the financial statements of the Authority. VHDC is a nonprofit entity incorporated June 8, 1999 and works in conjunction with the Housing Authority of the City of Vineland and the City of Vineland in an effort to create and increase affordable housing units within the city limits of Vineland, New Jersey. VHDC has a management agreement with the Housing Authority of the City of Vineland to manage the construction of several homeownership units. This component unit fiscal year covers the period September 30, 2008 and 2007. The financial statements of the individual component unit may be obtained by writing to the Authority's Executive Director at 191 Chestnut Avenue, Vineland, NJ 08360-5499. The purpose of VHDC is to provide affordable housing to the needy and for other charitable purposes permitted by N.J.S.A. 15A:2-(1) and Internal Revenue Code Section 501(c)(3).

Activities

At September 30, 2008 and 2007, the most significant programs or activities administered by the Authority were as follows:

<u>Program</u>	Contract No.	Project No.	Units Authorized	Units <u>Leased</u>
Low-Income Housing: Management	NY-493	NJ 63-1,2,4,5,6, 14,18,19	600	600
Section 8 Vouchers	NY-1105	NJ 39-V063-001-015	347	347

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Authority's accounts are organized as an enterprise fund. The operations are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, equities, revenues and expenses. Enterprise funds are used to account for operations that provide a service to the public financed by charges to users of that service and activities where the periodic

measurement of net income is deemed appropriate for capital maintenance, public policy, management control, accountability or other purposes. Funds included in this fund category are public housing, capital fund program and homeownership programs; Section 8 voucher program; and congregate services program.

Basis of Accounting and Measurement Focus

The Authority's enterprise fund is accounted for on the flow of economic resources measurement focus. Accounting records are maintained on the accrual basis of accounting, under which revenues are recorded when they are earned and expenses are recorded when the corresponding liabilities are incurred. The Authority applies all applicable Governmental Accounting Standards Board (GASB) pronouncements as well as all applicable Financial Accounting Standards Board (FASB) pronouncements that were issued on or before November 30, 1989; unless those pronouncements conflict with or contradict GASB pronouncements, FASB Statements and interpretations, Accounting Principles Board (APB) Opinions and Accounting Research Bulletins (ARB) of the Committee on Accounting Procedure. In addition, the Authority applies all applicable FASB Statements and Interpretations issued after November 30, 1989, except those that conflict with or contradict GASB pronouncements.

Reporting Standard

The Authority adheres to the provisions of GASB No. 34, "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments" and GASB No. 38, "Certain Financial Statement Note Disclosures." Statement No. 34 established standards for external financial reporting for all state and local governmental entities, which includes a statement of net assets, a statement of income, expenses and changes in net assets, and a statement of cash flows. It requires the classification of net assets into three components: invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. If there are significant unspent related debt proceeds at year end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net assets component as the unspent proceeds.
- Restricted This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. It is comprised of assets, net of related liabilities, that are required to be set aside by revenue bond covenants for operations, maintenance and renewal and replacements.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

Unrestricted net assets - This component of net assets consists of net assets that do not meet
the definition of "restricted" or "invested in capital assets, net of related debt."
Administration expenses are paid with the use of unrestricted resources.

Budgets and Budgetary Accounting

- In March, the Housing Authority holds a meeting with the fee accountants to discuss the proposed operating budget.
- During the month of June, the Housing Authority submits to the Board of Commissioners a proposed operating budget for the fiscal year commencing the following October 1. The budget includes proposed expenditures and the means of financing them.
- Prior to October 1, the budget is formally approved by the Board of Commissioners.
- Formal budgetary integration is employed as a management control device.
- Budgeted amounts as of September 30 are as originally adopted or as amended by the Board of Commissioners.
- Annual budgets lapse at fiscal year end.

Other Policies

a. Buildings and equipment are recorded at cost. Donated assets are recorded at fair market value at the date of donation. Depreciation of structures and equipment is computed using the straight-line method over the estimated useful lives of the assets. The Authority follows the practice of capitalizing all expenditures for fixed assets in excess of \$500. The estimated useful lives are as follows:

Buildings 40 years
Building improvements 15 years
Furniture and equipment 3 to 7 years

- b. Investments are stated at fair value.
- c. The compensated absences policy is as follows:

Vacation may be accrued up to an amount equal to two years annual vacation. This amount will be fully reimbursed upon retirement.

Sick leave may be accrued up to an unlimited amount; however, upon retirement, the employee will be reimbursed a half day's pay for each full day of accrued sick leave up to a maximum dollar amount of \$17,500.

The balance of unpaid vacation and sick leave is \$186,570 and \$178,024 at September 30, 2008 and 2007, respectively.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

- d. Inventory is recorded at the lower of cost or market. Inventory consists of consumable materials and equipment on hand in the amount of \$61,970 net of an allowance of \$1,916, and \$59,925 net of an allowance of \$1,853 as of September 30, 2008 and 2007, respectively. The Authority has recorded an allowance for obsolete inventory that may be unusable or obsolete by the time it is needed to be used under the consumption method.
- e. Operating subsidy and Capital Fund Program (CFP) grant revenues received from HUD are susceptible to accrual and are recognized during the fiscal year earned. The Authority generally is entitled to receive monies under an established payment schedule for the CFP grant as expenditures are made.

Revenues and Expenses

Revenues and expenses are distinguished between operating and nonoperating items. Operating revenues generally result from providing services in connection with the Authority's principal ongoing operations. The principal operating revenues of the Authority are tenant rentals and operating grants/subsidies from HUD.

Operating expenses include the costs associated with the day-to-day operations of the Authority and depreciation on capital assets. All revenues and expenses not meeting these definitions are reported as nonoperating revenues and expenses.

Use of Restricted/Unrestricted Net Assets

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, the Authority's policy is to apply restricted net assets first.

Interfund Assets and Liabilities

As of September 30, 2008 and 2007, all the interfund program receivables and payables have been eliminated in the balance sheet. In addition, the note receivable and payable between the Authority and its component unit, Vineland Housing Development Corporation, has been eliminated in the balance sheet.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Authority considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 DEPOSITS AND INVESTMENTS

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

At September 30, 2008, the carrying amount of the Authority's deposits was \$2,774,065 and the bank balance was \$2,827,585. Of the bank balance, \$400,000 was covered by federal depository insurance, and \$2,427,585 was covered by the Governmental Unit Depository Protection Act of the State of New Jersey, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

At September 30, 2007, the carrying amount of the Authority's deposits was \$3,097,858 and the bank balance was \$2,861,557. Of the bank balance, \$300,000 was covered by federal depository insurance, and \$2,561,557 was covered by the Governmental Unit Depository Protection Act of the State of New Jersey, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

As of September 30, 2008 and 2007, a portion of the Authority's deposits in the amount of \$3,091 and \$346,939, respectively, was in the form of short-term investments held by the Bank of New York. These investments act like a money market mutual fund in that its objective is to maintain a stable net asset value of \$1 per share. These investments are reported as cash equivalents in the financial statements. As of September 30, 2008 and 2007, the Bank of New York was rated as AAA by a nationally recognized statistical rating organization.

Investments

Statutes authorize the Authority to invest in U.S. Treasury bills, time or share accounts of institutions insured by the Federal Deposit Insurance Corporation or Federal Savings and Loan Insurance Corporation or in certificates of deposit when they are secured by proper bond or collateral, repurchase agreements, state treasurer's investment pools or mutual funds.

As of September 30, 2008 and 2007, the Authority had \$4,899,196 and \$4,727,224, respectively, invested in certificates of deposit due within one year.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral security that are in the possession of an outside party. As of September 30, 2008 and 2007, none of the Authority's investments were subject to custodial credit risk. These balances were covered by the Governmental Unit Depository Protection Act of the State of New Jersey, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 <u>DEPOSITS AND INVESTMENTS</u> (cont'd)

Concentration Risk

The Authority has no investment policy that would limit the amount it may invest in any one issuer. As of September 30, 2008 and 2007, all of the Authority's investments are in the form of certificates of deposit issued by Colonial Bank and Commerce Bank, respectively.

NOTE 8 PENSION PLAN

<u>Plan Description</u>

The Authority contributes to the Public Employees' Retirement System ("PERS"), a governmental cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey under the provisions of N.J.S.A. 43:15A.

NOTES TO FINANCIAL STATEMENTS

NOTE 8 PENSION PLAN (cont'd)

The PERS' designated purpose is to provide retirement, death, disability and medical benefits to certain qualified members. Membership in the PERS is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction's pension fund. The PERS' Board of Trustees is primarily responsible for the administration of the Plan. The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly-available financial reports that include the financial statements and required supplementary information for PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Members contribute at a uniform rate. The full normal employee contribution rate is 5.0 percent of base salary. The rate for members who are eligible for the Prosecutors Part of the PERS (Chapter 366, P.L. 2001) is 7.5 percent of base salary. Employers are required to contribute at an actuarially determined rate. The annual employer contributions include funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits.

The total employee contributions for the years ended September 30, 2008, 2007 and 2006 were \$86,839, \$84,708 and \$93,073, respectively. The total employer contributions during the years ended September 30, 2008, 2007 and 2006 were \$78,979, \$50,070 and \$26,647, respectively.

NOTE 9 ECONOMIC DEPENDENCY

The Authority is economically dependent on receiving operating subsidies from the U.S. Department of Housing and Urban Development ("HUD").

NOTE 10 RESTRICTED NET ASSETS

Restricted net assets represent proceeds received through the Homeownership Program from the sale of housing units which the Authority owns and administers, and unspent proceeds received from the issuance of the capital fund revenue bonds, Series 2004 A. These proceeds have been set aside to be used for program objectives of the Homeownership Program and to fund future capital projects.

Board of Commissioners Housing Authority of the City of Vineland Vineland, New Jersey

We have audited the financial statements of the Housing Authority of the City of Vineland, Vineland New Jersey as of and for the year ended September 30, 2008, and have issued our report thereon dated September 14, 2009.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Housing Authority of the City of Vineland's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the City of Vineland's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Authority's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles, such that there is more than a remote likelihood that a misstatement of the Authority's financial statements that is more than inconsequential will not be prevented or detected by the Authority's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Authority's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Board of Commissioners
Housing Authority of the City of Vineland

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the City of Vineland's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Board of Commissioners, management and federal awarding agencies and pass-through entities; and is not intended to be and should not be used by anyone other than these specified parties.

Board of Commissioners Housing Authority of the City of Vineland Vineland, New Jersey

Compliance

We have audited the compliance of the Housing Authority of the City of Vineland, Vineland, New Jersey with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended September 30, 2008. The Housing Authority of the City of Vineland's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and recommendations. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Housing Authority of the City of Vineland's management. Our responsibility is to express an opinion on the Housing Authority of the City of Vineland's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, "Audits of States, Local Governments and Nonprofit Organizations." Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Housing Authority of the City of Vineland's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Housing Authority of the City of Vineland's compliance with those requirements.

In our opinion, the Housing Authority of the City of Vineland complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2008.

Internal Control over Compliance

The management of the Housing Authority of the City of Vineland, Vineland, New Jersey is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit,

Board of Commissioners Housing Authority of the City of Vineland

we considered the Housing Authority of the City of Vineland's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the City of Vineland's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the Housing Authority of the City of Vineland as of and for the year ended September 30, 2008, and have issued our report thereon dated September 14, 2009.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Commissioners, management and federal awarding agencies and pass-through entities; and is not intended to be and should not be used by anyone other than these specified parties.
